SECTION ONE

MATERIAL DAMAGE

Insurance Provided

1.00 Insuring Clause

We will indemnify you for sudden and accidental physical loss of or damage to Insured Plant happening within the Territorial Limit during the Period of Insurance.

Cover under this Section of the Policy is subject to all terms of this insurance in so far as they can apply. Except where stated to the contrary, our liability will not exceed the sum insured on any Insured Plant or cost shown in the Schedule.

1.01 Sums Insured, Insured Property and Insured Costs

Items 1.02 to 1.07 describe what each sum insured covers. Some of the clauses include special conditions applying to insurance under that Item.

1.02 Insured Plant Value

The sum insured for this Item specifies the insured value of Insured Plant.

“Average” applies in some circumstances (Refer to 3.01 (d)).

Additional Benefits

Following damage indemnified under clause 1.00, in addition we will indemnify you up to the sums insured shown in the Schedule for costs and expenses incurred by you for items 1.03 to 1.07.

1.03 Expediting Costs

The sum insured on this Item covers the extra cost of expediting repair or replacement of lost or damaged Insured Plant. This applies to the cost of express delivery, overtime wages and airfreight. The airfreight must be by a licensed airline on a regular scheduled service. The cost of chartering an Aircraft is not insured. Cover under this Item only applies where the loss or damage is insured under Item 1.02.

Unless a different sum insured appears in the Schedule for this Item, the sum insured will be limited to \$20,000 any one Insured Event.

1.04 Accessories and Tools

The sum insured on this Item covers accessories fitted to Insured Plant and tools; but only where their value is not included in the sum insured on Item 1.02.

Unless a different sum insured appears in the Schedule for this Item, the sum insured will be limited to \$5,000 any one Insured Event.

1.05 Debris Removal

The sum insured on this Item covers the cost of removing debris and cleaning-up the area made necessary by damage to Insured Plant.

Unless a different sum insured appears in the Schedule for this Item, the sum insured will be limited to \$50,000 any one Insured Event.

1.06 Removal and Recovery

The sums insured on this Item cover the cost of recovering any Insured Plant made necessary by loss or damage or which is undamaged but has become immobilised, bogged or stranded. This includes the cost of moving the unit to the nearest place of safety. This cover does not apply to undamaged Insured Plant where the sole cause of the event was a careless act or omission by the unit's operator. If the cost of recovery will exceed \$10,000, then you will require our consent to incur any greater cost.

Unless a different sum insured appears in the Schedule for this Item, the sum insured for lost or damaged Insured Plant will be limited to \$250,000 any one Insured Event and limited to \$50,000 any one Insured Event for undamaged Insured Plant.

1.07 Windscreen Replacement

The sum insured on this Item covers damage to the windscreen of any unit of Insured Plant where there is no other damage to the same unit. The cover is not subject to any Deductible.

The most we will pay under this Item during the Period of Insurance for any one windscreen and in the aggregate for all windscreens is \$5,000. Any further windscreen damage is included in the sum insured for Item 1.02 and is subject to the same terms as apply to any other damage.

Cover under this Item does not apply to Insured Plant used in the forestry or agricultural industries.

How Premium is Calculated

2.00 we will apply a rate of premium to the sum insured on each unit of Insured Plant.

2.01 The premium under Item 2.00 also pays for cover under the other Items. Lowering their sums insured will not reduce the premium.

2.02 Additional premium will be payable for any optional endorsement that increases the amount of cover.

Basis Upon Which Claims are Paid

3.00 Items 3.01 to 3.04 set out the basis on which claims will be settled.

3.01

- a. If the cost of repair is less than the Market Value of the Insured Plant, the insured loss will be the necessary cost of repair to restore it to its pre-damage condition. we will pay the lesser of such repair cost or the sum insured, less the Deductible;
- b. If the cost of repair is greater than the Market Value of the lost or damaged Insured Plant, and provided the Insured Plant is not more than 24 months past its date of manufacture at the time of the loss or damage, the insured loss will be the new replacement value of the Insured Plant at the time of loss to a condition equal to but not better or more extensive than its condition when new. We will pay the lesser of such amounts or the sum insured, less the Deductible;

- c. If the cost of repair is greater than the Market Value of the lost or damaged Insured Plant, and the Insured Plant is more than 24 months past its date of manufacture at the time of loss or damage, the insured loss will be the Market Value of the lost or damaged Insured Plant, less the Deductible.
"Average" applies in some circumstances (refer to 3.01 d.).
- d. Average Clause: If the sum insured on any unit of Insured Plant is less than 85% of the Market Value, the difference is deemed a 'shortfall'. In that case, you will not be paid the proportion of any loss that would otherwise be insured. Your proportion will be the same proportion as the shortfall is to 85% of the Market Value (this method of allowing for under-insurance is called "Average").
- e. If the Agreed Insured Plant Value endorsement applies, we will pay the sum insured, less the Deductible.

3.02. The most that we will pay under any of Items 1.03 to 1.07 is the insured cost less the Deductible (if it applies), but not more than the Item sum insured.

3.03 Claims made on any extension of this insurance will be settled on the basis specified in the relevant extension clause.

3.04 Where Insured Plant has been destroyed and you have been indemnified for the loss, any remaining salvage value of that property will belong to us. Salvage may not be abandoned to us without our prior written consent.

How Premium Is Calculated

11.00 Premium is calculated as follows:

11.01 At the time of underwriting we may decide that the premium for cover under Items 10.01 and 10.02 may be a fixed amount for each unit of Insured Plant.

Alternatively, the premium will be based on the turnover of the Business. In that case, a deposit premium will be calculated by applying the rate of premium to the estimated annual turnover of the Business. At the end of the Period of Insurance, you must declare the annual turnover actually earned from the Business. If this is greater than the estimated annual turnover, the premium will be adjusted on the difference. The additional premium will then be payable by you.

Breach of this condition will not invalidate your Policy; but if there is any shortfall in the amount declared as your annual turnover for any period insured by us, then any work for which turnover is omitted from the declaration will be deemed excluded from cover under Section Three of this Policy.

11.02 At the time of underwriting we may decide that the premium for cover under Items 10.02, 10.03 and 10.04 will be either:

- a. a fixed sum; or
- b. calculated by applying a rate of premium to the Limits of Indemnity; or
- c. included within the premium for Item 10.01.

This insurance does not cover liability arising out of the vibration, weakening or the removal of support of any property unless the work that vibrated, weakened or removed

the support was performed in strict accordance with plans and specifications for the work which were not provided by you.

12.17 Watercraft or Aircraft

This insurance does not cover liability arising directly or indirectly out of the ownership, use or operation of:

- a. any Watercraft exceeding 10 metres in length; or
- b. any Aircraft.

SECTION FOUR

BUSINESS INTERRUPTION

13.00 Insuring Clause

If any Damage that happens to Insured Plant during the Period of Insurance interrupts or interferes with the Business, we will indemnify you for consequent loss of Revenue up to the maximum limit as shown in the Schedule. You must notify us of the Damage as soon as reasonably possible from the date of it happening.

13.01 Definitions

'Damage' means loss or damage for which a claim is payable under Section One or would be payable but for application of a Deductible.

'Indemnity Period' means the period during which the Revenue of the Business is affected by the Damage. It begins on the date of the Damage and ends on the earliest of the following.

- a. When repair or replacement of the Damaged Insured Plant has been completed.
- b. The end of the maximum Indemnity Period stated in the Schedule.

'Revenue' means the money paid or payable to you for services rendered in the course of the Business.

13.02 The Indemnity

- a. Loss of Revenue

Subject to item 13.00 the amount payable as indemnity will be:

- i. the amount by which Revenue earned during the Indemnity Period falls short, in consequence of Damage, of the Revenue that would have been earned during that period had there been no Damage; plus
- ii. any increase in cost incurred solely to avoid or diminish the shortfall in Revenue; but not more than the amount by which the reduction in Revenue is thereby avoided or diminished.

If the estimated annual Revenue shown on the Schedule is less than the actual annual Revenue assessed at the time of Damage, the difference is deemed to be 'shortfall'. In that case, you will not be paid the proportion of any loss that would otherwise be insured. Your proportion will be the same proportion as the shortfall is to 90% of the assessed annual Revenue. For the avoidance of doubt, you may declare an increase in annual Revenue at any time during the Period of Insurance and the increase will apply from the date shown on the Schedule.

- b. Savings
If any costs payable out of Revenue cease or are reduced during the Indemnity Period in consequence of the Damage; the saving will be deducted from the amount payable as indemnity.
- c. Deductible
The amount payable as indemnity will be further reduced by the Deductible. This is shown in the Schedule as a number of days. The amount to be deducted will be the number of days multiplied by the average daily loss during the Indemnity Period.
- d. Claim Preparation Costs
We will also indemnify you for the reasonable cost of preparing any valid claim for loss of Revenue. This includes, among other things, professional fees paid to a qualified accountant or loss adjuster.
- e. Sums Insured
The most that we will pay for loss of Revenue and Claim Preparation Costs is the sum set against each of these items in the Schedule.

13.03 Exclusions

1. This insurance does not cover loss during any interruption to or interference with the Business except as a direct result of the Damage.
2. This insurance does not cover loss caused by a public or mining authority having forbidden the removal of the Damaged Insured Plant from the site of the Damage.
3. This insurance does not cover loss resulting from Insured Plant having been abandoned, even if it is abandoned because of Damage.
4. This insurance does not cover loss during any period for which the time required for repairing the Damage is extended for any work, such as improvements or remedial work, that is not a necessary part of that repair.
5. This insurance does not cover the cost of any fine or penalty for breach of contract; even where the breach was an inevitable consequence of the Damage.
6. This insurance does not cover loss arising out of insolvency, liquidation or receivership of any party; even where the loss is concurrent with loss that would otherwise have been sustained during the Indemnity Period.
7. This insurance does not cover loss arising out of Damage that has resulted from oil or gas drilling or from loss of any drill stem/string or cutting head below ground.

13.04 Conditions

1. Cover under Section Four is subject to all terms of the Policy in so far as they can apply.
2. Premium for Section Four is calculated on annual Revenue from all Business activities. You must declare your total estimated annual Revenue at the beginning of the Period of Insurance and your actual annual Revenue at the end of the Period of Insurance. (Refer to Loss of Revenue above to see what will happen if there is a shortfall in your declared Revenue).

13.05 Claim Conditions

In addition to your obligations under the Claim Conduct condition of the Policy (15.04), for any claim under Section Four will be subject to these conditions:

1. You must take all reasonable steps to minimise any interruption to or interference that the Damage may cause to the Business.
2. You must deliver to us a written statement setting out particulars of your claim and furnish us with such records as we may reasonably require for the purpose of investigating or verifying the claim. You must do this at your own expense. The written statement must be delivered as soon as reasonably possible after the beginning of the Indemnity Period, or within such extra time as we may allow in writing.
3. You must provide us with such other particulars as we may reasonably require.
4. We will pay the indemnity under Section Four within one month after final determination of the amount payable. We may also make progress payments of the indemnity in such amounts and at such intervals as we, at our sole discretion, decides.
5. Despite what item 3.00 says in Section One of the Policy; where the cost of repairs would be greater than the Market Value, we will have the option of settling your claim by payment or by replacement. The replacement unit will be one of similar age, condition, capacity and value (as established by a registered valuer). If we exercise that option, you must reimburse us for the Section One Deductible; or we may deduct this from the amount otherwise payable under Section Four from its commencement.

13.06 Other Insurance

You must notify us of any other insurance covering the same loss as covered in Section Four.

SECTION FIVE

14.00 The following exclusions apply to cover under all sections of the Policy.

However, this exclusion does not apply where the discharge, dispersal, release or escape results from a sudden identifiable event:

- d. that you neither expected nor intended; and
- e. that took place in its entirety at a specific time and place.

‘Pollutant’ means any solid, liquid, gaseous, biological or thermal irritant or contaminant, including but not limited to dust, smoke, vapour, soot, fumes, chemicals, organisms or waste. ‘Waste’ includes but is not limited to any material destined to be recycled, reconditioned or reclaimed.

SECTION SIX

GENERAL CONDITIONS

15.00 The following General Conditions apply to the Policy. The General Conditions impact the way the Policy works and if you fail to fulfil your obligations under them, or under any other term of the Policy, it may have an adverse effect on the cover provided to you or your claim under the Policy.

15.01 Admission of Liability

This condition applies to insurance under Sections Two and Three. Unless you have obtained our prior written consent, neither you nor any of your Employees may:

- a. admit liability or guilt in connection with any Occurrence; or
- b. do anything that might be seen as an admission of liability or guilt unless permissible in law; or
- c. settle any third-party claim, even though it may be within the amount of the Deductible.

15.02 Alteration of Risk

You must immediately advise us of any material alteration in the risks insured against. This includes any change in the facts disclosed to us in your application for this insurance. This insurance does not apply to liability arising in connection with any business that is not included in the Business described in the Schedule.

15.03 Cancellation

The Policy may be cancelled:

- a. by you at any time by giving notice to us in writing. The cancellation will take effect from the date we receive your notice. You will be entitled to a pro rata refund of premium for any unused Period of Insurance, less 20% for our costs.
- b. by us in accordance with the provisions of the Insurance Contracts Act 1984 and its amendments. You are entitled to a pro rata refund of premium for any unused Period of Insurance.

Without limiting when we may be permitted to cancel, we will cancel the Policy according to the Insurance Contracts Act 1984, if your business is wound up or is permanently discontinued. This is because it is no longer the business we agreed to insure.

15.04 Claim Conduct

If any loss, damage or allegation of liability occurs that may give rise to a claim under this Policy, you must:

- a. inform us of this as soon as you can;
- b. provide such written documents and information as we may reasonably require.
- c. take all steps within your power to minimise the extent of loss, damage or liability;
- d. where reasonably possible, preserve any property affected and make it available for us or our representatives;
- e. inform the Police if the loss or damage has been caused by any malicious act, theft or other crime;
- f. forward to us every letter, writ, summons and process in relation to your claim as soon as you receive it;
- g. advise us in writing as soon as you receive notice of any prosecution or inquest that involves you and is relevant to your claim;
- h. provide any assistance that we may reasonably require.

15.05 Cross Liability

Each party insured under Section Three of this Policy will be insured as if a separate Policy had been issued to each. Accordingly, each party will be insured for their liability to any other party. However, this does not increase any Limit of Indemnity. A Limit of Indemnity applies to all of the insured parties collectively (This paragraph or its equivalent is known as a 'Cross Liability' clause.)

Liquidators, receivers and the like are not insured under this Policy and neither is any company in liquidation, receivership or which has ceased trading or which has been wound-up.

15.06 Fraud

If you make a claim that is fraudulent in any way, or if you collude with anyone in making a claim, we will have the right to cancel this Policy and may seek legal recourse against you.

15.07 Inspection

You must allow us or our representative, after reasonable notice to you and at an arranged time, to inspect any Insured Plant and to review any financial or other records where it is reasonably required for this insurance or a claim under it.

15.08 Reinstatement of Sums Insured and Limits of Indemnity

This condition applies to Material Damage in Section One and Public Liability (Items 6.01 and 10.01) in Sections Two and Three) only. Where a sum insured is reduced by payment of a claim, it will be automatically reinstated to its original amount. This will take effect from the time of the loss or damage. You may have to pay extra premium for the reinstatement at the original rate of premium.

15.09 Risk Management

You and your Employees must:

- a. fully comply with manufacturer's instructions; and
- b. fully comply with all legal requirements and relevant workplace authority regulations regarding safety, and maintenance of property, including but not limited to observance of the Occupational Health and Safety Act applicable in your state; and

- c. ensure that anything that is fitted or is required to be fitted for the purpose of safety is in place and fully functional at all times; and
- d. take all reasonable steps to prevent incurring any loss, damage or liability; and
- e. ensure that only suitably qualified operators are employed for the operation of Insured Plant and that suitably skilled workers are employed to perform work.

15.10 Subrogation

If you have a right to recover your loss from any other party, then, on accepting liability under this Policy, we will be entitled to exercise that right in your name and to our own benefit. This is called 'subrogation'. You must fully co-operate with us in exercising that right. If you are the other party, we will not exercise subrogation against you as long as you have not forfeited your right to indemnity under this Policy.

You will be notified of the outcome of any review, within 30 Calendar Days of MECON first being notified of the complaint.

If we cannot provide you with a final decision within this time, you will be provided you with an Internal Dispute Resolution Delay Notification, outlining the reasons for the delay and your right to complain to the Australian Financial Complaints Authority (AFCA), if you are dissatisfied.

AFCA is an independent national scheme for consumers, free of charge and aimed at resolving disputes between the insured and MECON or the Insurer. AFCA can advise you if your complaint or dispute falls within its Rules.

Determinations made by AFCA are binding on MECON and the Insurer, where relevant. If you would like to refer your dispute to AFCA, you must do so within two (2) years of the final decision from IDR. AFCA may still consider a dispute lodged after this time if AFCA considers that exceptional circumstances apply. If AFCA advises you that their Rules do not cover your complaint or dispute, you can seek independent legal advice or access any other external dispute resolution options that may be available to you.

Duty of Disclosure

Before you enter into an insurance contract, you have a duty to tell us anything that you know, or could reasonably be expected to know, may affect our decision to insure you and on what terms.

You have this duty until we agree to insure you.

You have the same duty before you renew, extend, vary or reinstate an insurance contract.

You do not need to tell us anything that:

- reduces the risk we insure you for; or
- is common knowledge; or
- we know or should know as an insurer; or
- we waive your duty to tell us about.

If you do not tell us something

If you do not tell us anything you are required to, we may cancel your contract or reduce the amount we will pay you if you make a claim, or both.

If your failure to tell us is fraudulent, we may refuse to pay a claim and treat the contract as if it never existed.

Average

Section One Material Damage of this Policy contains an average clause. If the sum insured on any unit of Insured Plant is less than 85% of the Market Value, the difference is deemed a 'shortfall'. You will not be paid the proportion of any loss that would otherwise be insured, being the same proportion as the shortfall is to 85% of the Market Value

GST

GST, Input Tax Credit (ITC), Business Activity Statement (BAS) and Acquisition have the same meaning given to those terms in *A New Tax System (Goods and Services Tax) Act*

1999 (Cth) and related legislation. Taxable Percentage (TP) is your entitlement to an ITC on the premium expressed as a percentage.

The premium for this Policy includes an amount of GST. You must advise your correct Australian Business Number and TP to MECON. Any GST liability resulting from incorrect advice is payable by you. When we pay a claim, your GST status will determine the GST amount we pay.

When you are not registered for GST, the sums insured and limits of liability in the Policy include GST and we will pay your claims inclusive of GST. When you are registered for GST, the sums insured and limits of liability in the Policy exclude GST and we will pay your claims excluding GST unless you are liable to pay GST for a "relevant Acquisition" (such as goods and services to repair a damaged item insured by the Policy) and we pay the supplier directly for such goods and services, in which case we will also pay the GST amount.

We will reduce the GST amount it pays by the amount of any ITC to which you are, or would be, entitled if you made a "relevant Acquisition", in which case, the ITC may be claimable through your BAS. When settlement of any claim is less than the total amount claimed, we will only pay the amount of GST (less your entitlement for ITC) applicable to the settlement amount.

Utmost Good Faith

The law obligates all parties to a contract of insurance to act towards each other in 'utmost good faith'.

The main implications from the duty of utmost good faith for an insured include:

- Fulfil your duty of disclosure
- Make honest statements in the proposal form
- Fulfil the requests of the insurer

We are obliged to:

- settle claims quickly
- disclose restrictions in the Policy.

Failure to act with the utmost good faith may prejudice any claim you have.

Terrorism Insurance Act 2003

The Commonwealth Government established the Australian Reinsurance Pool Corporation (ARPC) in response to increasing concerns over terrorism. The ARPC is a statutory corporation established under the *Terrorism Insurance Act 2003* (Cth) to offer reinsurance for terrorism risk in Australia.

The *Terrorism Insurance Act 2003* (Cth) renders terrorism exclusion clauses in eligible insurance contracts ineffective in relation to loss or liabilities arising from a declared terrorist incident affecting eligible property located in Australia. If the loss is as a result of a terrorist act then the Treasurer will be responsible for paying your claim in accordance with the Policy terms and conditions.

The requirements of the Act are compulsory and under the present terms of the scheme insurers are required to submit to ARPC a percentage of the premium you pay.

If you require further information on the scheme please contact MECON, your insurance adviser or the ARPC.

Your Cooling Off Rights

You can return the Policy to us within 14 days of the commencement of your insurance. This date is documented on your Schedule. If we receive your written request to cancel the Policy within the 14 day period we will give you a full refund (less any taxes or duties payable that we are unable to have refunded).

You cannot return the Policy where, before the 14 day period ends, you have exercised or at any stage exercise, any of your rights or powers under the Policy (e.g. you have made a claim). After the cooling off period ends you continue to have cancellation rights under the Policy. These rights are set out in Cancellation (Item 15.03) of this document.

END OF POLICY

This section has been intentionally left blank

This section has been intentionally left blank

ENDORSEMENTS

Each of these endorsements will only apply if the Schedule says it applies. The endorsement then forms part of the Policy. It overrides anything in the Policy to the contrary. All terms of the Policy otherwise remain in full effect.

Acquisitions

If, during the Period of Insurance, you acquire any unit of plant that is of similar kind to the Insured Plant, then:

- a. if the unit is valued at more than \$500,000, it will not be insured under this Policy until you notify MECON requesting cover and we confirm its acceptance in writing.
- b. if the unit is valued at no more than \$500,000, it will be insured under this Policy, but only if you notify us within sixty (60) days of acquiring it and we confirm its acceptance in writing.

Adjustable Premium (Section Three)

Despite anything to the contrary in Section Three of this Policy, the initial Premium for cover under Items 10.01 and 10.02 is a deposit Premium. This is based upon the estimated total turnover of the Business during the Period of Insurance. At the end of that period, you must declare the actual turnover of Business.

The premium will then be adjusted at the same rate as applied to the initial premium. If the adjusted premium is greater than the initial premium, you must pay the difference. If the adjusted premium is less than the initial premium, we will refund the difference up to but not more than 25% of the initial premium.

Agreed Insured Plant Value

Despite anything to the contrary in Section One of this Policy, the basis of claim settlement under Item 3.00 will be Agreed Value instead of Market Value. The 'Agreed Value' of any unit will be the sum insured on that unit as shown in the Schedule. However, this will not be so unless the sum insured is the same as the value certified by a registered valuer. Unless you supply us with the valuation certificate before the Period of Insurance begins, this endorsement will be void.

Appreciation of Insured Plant Value

Where, at the time of an Insured Event;

- a. the Market Value of the lost or damaged unit of Insured Plant is greater than its sum insured; and
- b. the sum insured is not less than 80% of that Market Value; then the sum insured on that unit will be increased to that Market Value.

Basis Upon Which Claims are Made

(Applicable to any Insured Plant used in any form of mining).

Item 3.01 a. and b. are deemed to be deleted and replaced with the following:

- a. If the cost of repair is less than Market Value, the insured loss will be the necessary cost of repair to its pre-damage condition, less the Deductible. We will pay the lesser of this amount and the sum insured.

- b. If the cost of repairs would be greater than the Market Value, the insured loss will be the Market Value less the Deductible, MECON will pay the lesser of this amount and the sum insured.

- d. to your subcontracted engineering consultants and other consultants but only for loss, damage or liability resulting from manual activities they perform on the construction site.

Other than Insured Plant shown in the Schedule, this endorsement does not extend to insure any tools, plant or equipment belonging to, or loaned or hired by, the parties covered by this endorsement.

For the avoidance of doubt, "employer" in this endorsement does not mean a person or party in a Dry Hire agreement with you or the principal named as such in any contract. (Such principals are automatically insured by this Policy unless they are principals in a Dry Hire agreement).

This insurance does not cover liability arising from the presence, removal or abatement of Asbestos or Asbestos containing materials, including but not limited to Asbestos which is in-situ and undisturbed within any structure or part thereof. However, this exclusion shall not apply to the inadvertent disturbance of Asbestos or Asbestos containing materials by you in connection with your Business.
- 5.2 This insurance does not cover Loss arising from any Pollution Conditions caused by your Business which occurred prior to the Period of Insurance if you knew, or could have reasonably foreseen, that such Pollution Conditions would result in an Occurrence, Claim, Clean Up Costs, Personal Injury or Property Loss.
- 5.3 This insurance does not cover Loss arising from your intentional, wilful or deliberate non-compliance with any statute, regulation, ordinance, administrative complaint, notice of violation, notice letter, executive order or instruction of any governmental agency or body.

It does not include contracts in connection with work done for such authorities or entities.

This endorsement (and any endorsement issued in substitution and/or any endorsements hereto) attaches to and forms part of the Policy and any word or expression to which a specific meaning has been attached shall have the same meaning wherever it appears. No aggregation provisions of any kind apply for the purposes of any retention. All other terms, conditions and exclusions remain unchanged.

Damage to Goods Lifted

Where any unit of Insured Plant is lifting any object, then, providing the unit is designed for such lifting - Section One of this Policy extends to indemnify you for accidental loss or damage happening to the object during the lifting operation. This does not apply to loss or damage resulting from any defect in the object (which includes its container) or due to its fragile nature.

Unless a different sum insured appears in the Schedule for this endorsement, the sum insured will be limited to \$5,000 any one Insured Event.

Dry Hire

Exclusion 4.03 (Dry Hired Insured Plant) is deemed to be deleted and the definition of ‘you’ as it applies to Section Two of this Policy is extended to include the hirer of Insured Plant, but only if you meet the following conditions:

- a. Your hire agreement must specify, that the operator must comply with all the legal requirements for operating the hired unit, and currently holds any relevant licence, permit or ticket required for its operation.
- b. The hire must be subject to a written and fully completed hire agreement that has been drafted by you or on your behalf to protect your interests.
- c. If the agreement will contain any clause that could release the hirer from liability for loss or damage, you must give us the opportunity to formally agree to its terms in

writing. If we do not agree to those terms, this insurance will not cover any loss that would, but for the agreement, have been recoverable from the hirer.

Where the agreement contains a release clause to which we have agreed, any loss that is consequently non-recoverable will be subject to the Damage Waiver Deductible shown in the Schedule. If no such Deductible is shown, a special Deductible will apply, being the greater of:

- i. \$5,000; and
- ii. 2% of the sum insured on the hired unit.

Neither the hirer nor the operator of the hired Insured Plant is entitled to any indemnity under Section Three of this Policy.

Any obligation imposed on you by the terms of Sections One or Two of this insurance with the object of avoiding or minimising insured loss will apply equally to the hirer and its operator. Breach of such an obligation by the hirer or operator will have the same effect as if you had committed the breach.

Finance Gap

Where settlement of a claim under Section One, Item 3.00 is less than the amount you owe under a valid financial agreement, we will cover the difference up to but not more than 20% of the Market Value or the sum insured for the item of Insured Plant, whichever is the lesser amount. This applies to any hire purchase, leasing or other financing agreement on the lost or damaged Insured Plant.

Financier’s Interests

Where any other party has a financial interest in your Insured Plant, and that interest has been disclosed to us, we will indemnify that party under Section One, Item 3.00 of the Policy as if they were you, but only to the extent of their interest. Any balance remaining after the claim proceeds have been used to discharge your financial obligation to that party will be payable to you.

Hire Cost or Finance Payment

Hire Cost

Section One of this Policy extends to cover you for the cost of hiring a substitute for lost or damaged Insured Plant, but only if a claim is payable for the loss or damage. The cost will be covered for hire of up to the duration shown in the Schedule. If no duration is shown, the duration will be limited to three months. However, there is no cover on hire costs incurred during the first seven days after the Insured Event.

Finance Payment

If hiring a substitute for lost or damaged Insured Plant is not practical, then, if you are making payments under a hire purchase, leasing or other finance agreement, Section One of this Policy extends to cover those payments. The amount payable will be the equivalent of the daily proportion of your actual Finance Payments from the time of the Insured Event to the time the lost or damaged Insured Plant is repaired or replaced. If the Insured Plant is not repaired or replaced and your claim is settled in cash, the cover on Finance Payments will end when the claim for loss or damage is settled.

No payment will be made under this clause unless the period between the Insured Event and the completion of repairs or replacement or cash settlement is more than 14 days. You must comply with any request that we make for the purpose of minimising the time it takes to carry out repairs or replacement. In any case, the cover on Finance Payments will end no later than six months after the Insured Event.

‘Finance Payment’ means the lesser of:

- a. the amount shown as such in the Schedule; or
- b. the actual finance payment due and paid by you for the period, less:
 - i. any balloon or residual payments that fall due during the period; and
 - ii. 10% of the amount claimed under this endorsement.

The most that we will pay under this clause (for either Hire Cost or Finance Payment) for the Period of Insurance is the amount shown in the Schedule or, if no such amount is shown, \$50,000.

Hired-in Insured Plant

Section One of this Policy extends to cover units of plant hired in by you and for which you are responsible. However, this only applies to units whose Market Value does not exceed the amount shown for hired-in plant in the Schedule. If no such amount is shown, it is deemed to be \$50,000. This amount is also the most that we will pay in the aggregate for the Period of Insurance.

If Sections Two and Three (or either of them) are in effect, they will apply in the same manner and to the same extent as applies to other Insured Plant.

Hold Harmless (Subrogation Waiver)

Where you have entered into a contract that contains a clause requiring you to ‘hold harmless’ or ‘waive subrogation rights’ against another party to that contract, we will indemnify such other party in terms of this Policy to the extent required by such contract, and, further, will waive any rights it may have against such other party in respect of a matter so indemnifiable under this Policy.

Provided that:

- a. Nothing in this endorsement shall increase our liability under Item 10.00 (Limit of Liability) of this Policy; and
- b. Such other party shall be the subject to and / or comply with all the terms and conditions of this Policy.

Incidental Cover

a. Incidental Items

Section One of the Policy provides additional cover for the following incidental items in the event of loss or damage to the Insured Plant.

- i. **Employees Property**
Loss or damage to Employees property for a maximum sum insured of \$5,000.

Travel costs necessarily incurred to return drivers or operators to the site where loss or damage occurred in order for them to resume driving or operating the Insured Plant (once it has been repaired or replaced) for a maximum sum insured of \$5,000.

iv. Sign Writing

The cost to replace lost or damaged sign writing on any Insured Plant.

b. Key Replacement

Section One of this Policy provides additional cover for the replacement of lost or damaged keys of Insured Plant even when there is no damage to the Insured Plant. The cover applies to only one such replacement for only one unit of Insured Plant during the Period of Insurance but is not subject to any Deductible. The maximum sum insured is \$5,000.

c. Funeral Expenses

Section Three of the Policy provides additional cover for funeral expenses for any Employee where death of that Employee resulted from a loss or damage to Insured Plant. The maximum Limit of Liability is \$5,000.

Multiple Crane Lift

Exclusion 4.06 (Multiple Crane Lift) is deemed to be deleted.

This insurance covers damage to Insured Plant comprising any crane while in use for a lifting operation in which a load is shared or rigged for sharing with any other crane.

However:

- a. the safe working load of each crane for the required jib length and operating radius must be:
 - i. where two cranes are lifting, at least 20%;
 - ii. where three cranes are lifting, at least 30%;
 - iii. where more than three cranes are lifting, at least 50%;more than the calculated share of the load to be handled by each crane during the lift.

The safe working load must nevertheless comply with relevant state regulations.

- b. a competent person must supervise the lift and be in a position to give clear signals and to remain in constant radio communication with each crane operator during the entire lifting operation.
- c. if any lift involves more than two cranes:
 - i. the area in and around where the lift is taking place must be clear of anyone other than those directly involved in the lifting operation;
 - ii. the lift must be overseen by a suitably accredited engineer;
 - iii. the lift must be rehearsed; and
 - iv. the Deductible will be applied in full to each crane.

Ongoing Hire Costs

If any Insured Plant that is hired in or out by you suffers loss or damage and the ‘Hire Cost or Finance Payment’ Endorsement cannot, for any reason, be applied, then Section One of this Policy extends to cover the hire costs incurred by you or owed to you from the time the hired Insured Plant is being repaired or replaced until the claim for such loss or damage has been settled by us. However, this does not include hire costs for the first seven days after the Insured Event. The most that we will pay under this clause in the

aggregate for the Period of Insurance is the amount shown for it in the Schedule. If no amount is shown, it is \$50,000.

The cover for Ongoing Hire Costs will end for any damaged item of Insured Plant not later than 6 months after the Insured Event.

Spraying Operations

This insurance does not cover liability arising out of any kind of agricultural spray.

Trailers Used But Not Owned

Should loss or damage occur to a trailer which you don't own or haven't leased or hired but which is in your physical or legal control or possession, Section One of the Policy covers loss or damage to that trailer. The most that we will pay under this clause is the amount shown in the Schedule or, if no such amount is shown, \$50,000.

This endorsement does not apply to trailers if it is temperature controlled or it is a tanker for liquid, gas or powder.

Underground Work

General Exclusion 14.12 is deleted and replaced with the following:

14.12 Underground Work

Sections Two and Three of this Policy do not cover any liability or cost arising out of tunnelling or any other underground work. This does not apply to open excavation, micro-tunnelling, pier boring or directional boring up to one metre (1m) in diameter.

Unintentional Overload

Despite anything to the contrary in Policy exclusion 14.07 (Overloading), loss, damage liability or cost caused by or contributed to by overloading any unit of Insured Plant will not be excluded if the unit was operated by a licensed operator and:

- a. you can prove that the overloading was not intentional and that actions taken by the operator and other Employees leading to the overloading were within acceptable industry practice; or
- b. your records show that the operator had been trained in the use of the unit to a standard that is within acceptable industry practice; and
- c. you were not the operator and you can prove that you were not aware of the operator's actions that led to the loss, damage, liability or cost.

Welding and Hot Work

This Policy does not cover loss or damage resulting directly or indirectly from heat-producing equipment such as welders, metal or masonry cutters or grinders used by you on your work site unless the following precautions have been taken:

- a. where the operator's view is obstructed or impaired by any device, such as a visor or spark shield, another person must be standing-by to watch for incipient fire; and
- b. adequate firefighting equipment and extinguishing agents must be readily at hand, together with a sufficient number of workers on site trained in their use; and
- c. combustible materials must be located a safe distance away from the area where the equipment is being used. Any materials that cannot be moved must be protected by overlapping sheets of non-combustible material; and

- d. if practical, the area where the equipment is to be used must be damped; and
- e. any flammable gas-line in the vicinity of the operation must be disconnected and purged of gas; and
- f. glass must be located a safe distance away from the area where the equipment is being used. Any glass that cannot be moved must be protected by overlapping sheets of non-combustible material; and
- g. about an hour after use of the equipment has ceased for the day, the area in the vicinity of the work, including floors above and below, the other side of walls and ducts, voids and conduits, all must be examined.

World-Wide Travel

Where any of your Australian domiciled directors or Employees temporarily visits any place outside the Territorial Limit, the Territorial Limit for Section Three of the Policy will be extended to include that place. However, this only applies to liability arising out of Occurrences in connection with the Business.

Cover under this endorsement does not apply if the Insurance Sanctions exclusion applies or to Occurrences in the United States of America or Canada if you have any branch or subsidiary operation there.

Cover under this endorsement does not apply to liability arising out of:
